The Honorable Rosa DeLauro
Ranking Member
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Dover North End Sanitary Sewer Improvements Project in Fiscal Year 2026. The entity to receive funding for this project is the City of Dover, located at 110 E. 3rd St., Dover, Ohio, 44622.

The funding would be used to replace a failing pump station and associated infrastructure.

The project is an appropriate use of taxpayer funds because the current pump and setup struggle to keep up with severe wet weather flows. Development occurring in the area has pushed the system to the brink. Upgrades are imminently necessary to ensure the system can handle existing inflows and has the capacity to accept development which is already occurring.

The project has a federal nexus because the funding provided is for purposes authorized under Title VI of the Clean Water Act, 33 U.S.C 1381 et seq.

I certify that neither I nor my immediate family have any financial interest in this project.

Sincerely,

Michael A. Rulli
